

At the car rental

Mary, George, Linda and Klaus are at the car rental. They have decided to rent a people carrier for their trip through Kent and to Cornwall.

Klaus: We would like to rent a people carrier for nine days, please.

Clerk: Of course, where do you want to return the car?

Klaus: In Newquay, Cornwall, we're going to fly home from there.

Clerk: No problem, sir. At the moment we have a special offer. The rental fee includes one way fee and two drivers. So you will save £48.

George: That's a good offer. What about free mileage?

Clerk: We offer free unlimited mileage, sir.

George: Great. What insurance is included?

Clerk: The price includes CDW.

Linda: What is CDW?

Clerk: Collision Damage Waiver. The excess is £200.

Mary: Okay. What sort of fuel does the car need? Diesel, leaded or unleaded?

Clerk: Unleaded. The tank is full of petrol and must be returned full.

Okay, now I need your driving licences and please sign the Rental Agreement here. The total rental price is £953.95. Here's the key.

George: Thank you very much.

Clerk: Don't mention it. Have a nice journey!
